Output 1.1: Capacities to promote accountability, transparency, and effectiveness of public institutions are strengthened at the national and local levels

Output Code:	Output Indicators:		2023 Baseline:	2024 targets:	2024 results	Means of Verification:	Unit:	Description/Comments:
PeaceGov1.1.a	# of local and national institutions with increased capacities to enhance accountability, transparency, and effectiveness	Total			107	Reports, contracts, agreements of cooperation, UN Women reports, UNDP reports, UNDP project reports, UNFPA reports, UNHCR internal reports	Numbers	Suggested Definition: National institution means a national department, national government component, or national mechanism at the central, sub-national or local level, that is recognized by law. This definition includes, for example, central-level ministries and agencies, sub-national and local governments and/or administrations, and security sector actors. This definition of national institutions also includes institutionalized mechanisms, for example commissions, committees, platforms, and mechanisms, that help coordinate, implement policy, or provide oversight, and that may involve both state and non-state actors such as community groups, community-based organizations, non-governmental organizations, and private sector entities.
